# BSDH Spring Conference 2015

## Oral healthcare and Neuro-disability

### Wednesday 17 and Thursday 18 June 2015

### Canterbury Cathedral Lodge, CT1 2EH

#### Welcome to Canterbury

Graham Manley, President, BSDH 2015

On behalf of The British Society of Disability and Oral Health I look forward to welcoming you to the Spring Conference at the Canterbury Cathedral Conference Centre. The conference will consider aspects of profound complex Neuro-disability and Oral Health with a focus on Huntington's disease.

The conference is presented over two days. The morning of day one provides an opportunity to hear a series of presentations from colleagues who have submitted for the BSDH prizes. These presentations have a practical focus and will consider solutions to clinical problems, provision of care, clinical audit and service delivery.

The afternoon is dedicated to various multi-disciplinary, interesting and stimulating aspects of Neuro-disability care.

Day two will be about Neuro-disability and Huntington's disease including presentations from those with the condition and also incidentally something about oral health! Each speaker is an expert in their field and will provide both knowledge and entertainment.

The annual dinner will be at the Ambrette restaurant, a fusion of East and West providing a tempting culinary experience to excite your taste buds.

Our appointed accommodation agency Mice Concierge are on hand to help you with your accommodation. They have secured rooms at a range of nearby hotels to match a variety of budgets. I am sure that you will have an enjoyable and inspiring experience from attending this event, and you will find that Canterbury is a city not to be missed.
